

# DNC

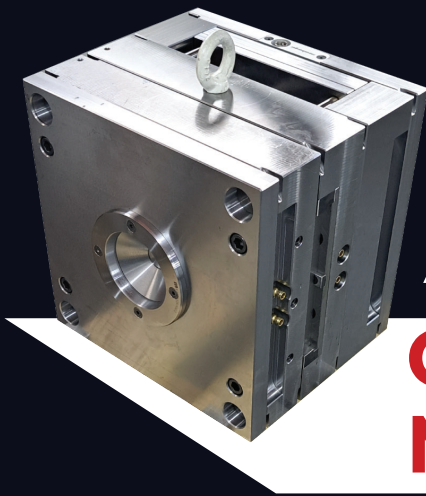

## Precision Engineering for Your Manufacturing Needs

*DNC, a family-owned business with 40 years of expertise, specializes in injection mold manufacturing, spare parts production, equipment servicing, and mass production of plastic and metal components.*

# Why Choose **DNC**

- **40 Years of Industry Experience:** Family-owned business with a legacy of quality
- **24/7 Availability:** Round-the-clock support for production line emergencies
- **Timely and Precise Delivery:** Ensuring your operations run smoothly
- **Quality-Focused Production:** Aiming for zero defects in all our manufacturing processes
- **Innovative Problem-Solving:** Efficient solutions to optimize your production capacity
- **Comprehensive Service:** From design to production, we handle it all

About **DNC**

## **Comprehensive Manufacturing Services**

*With 40 years of expertise, DNC delivers precision engineering solutions for your most demanding projects. From injection molds to custom components, we bring unparalleled accuracy and reliability to every task.*

*We work with the utmost precision, utilizing technology and decades of experience to satisfy the most exacting client needs. Our commitment to quality ensures that every part meets or exceeds your specifications.*

## Comprehensive Solutions for Modern Manufacturing

### Injection Mold Manufacturing

We specialize in creating high-quality injection molds for a wide range of industries. Our expertise in this field spans four decades, allowing us to offer unparalleled service and products.

### Diverse Spare Parts Production

DNC is your go-to partner for the production of a wide variety of spare parts. We serve multiple industries, providing high-quality, precision-engineered components.

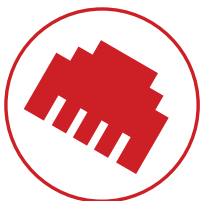

### Equipment Servicing and Repair

Keep your production running smoothly with DNC's comprehensive equipment servicing and repair offerings. Our experienced technicians are ready to tackle any challenge, minimizing downtime.

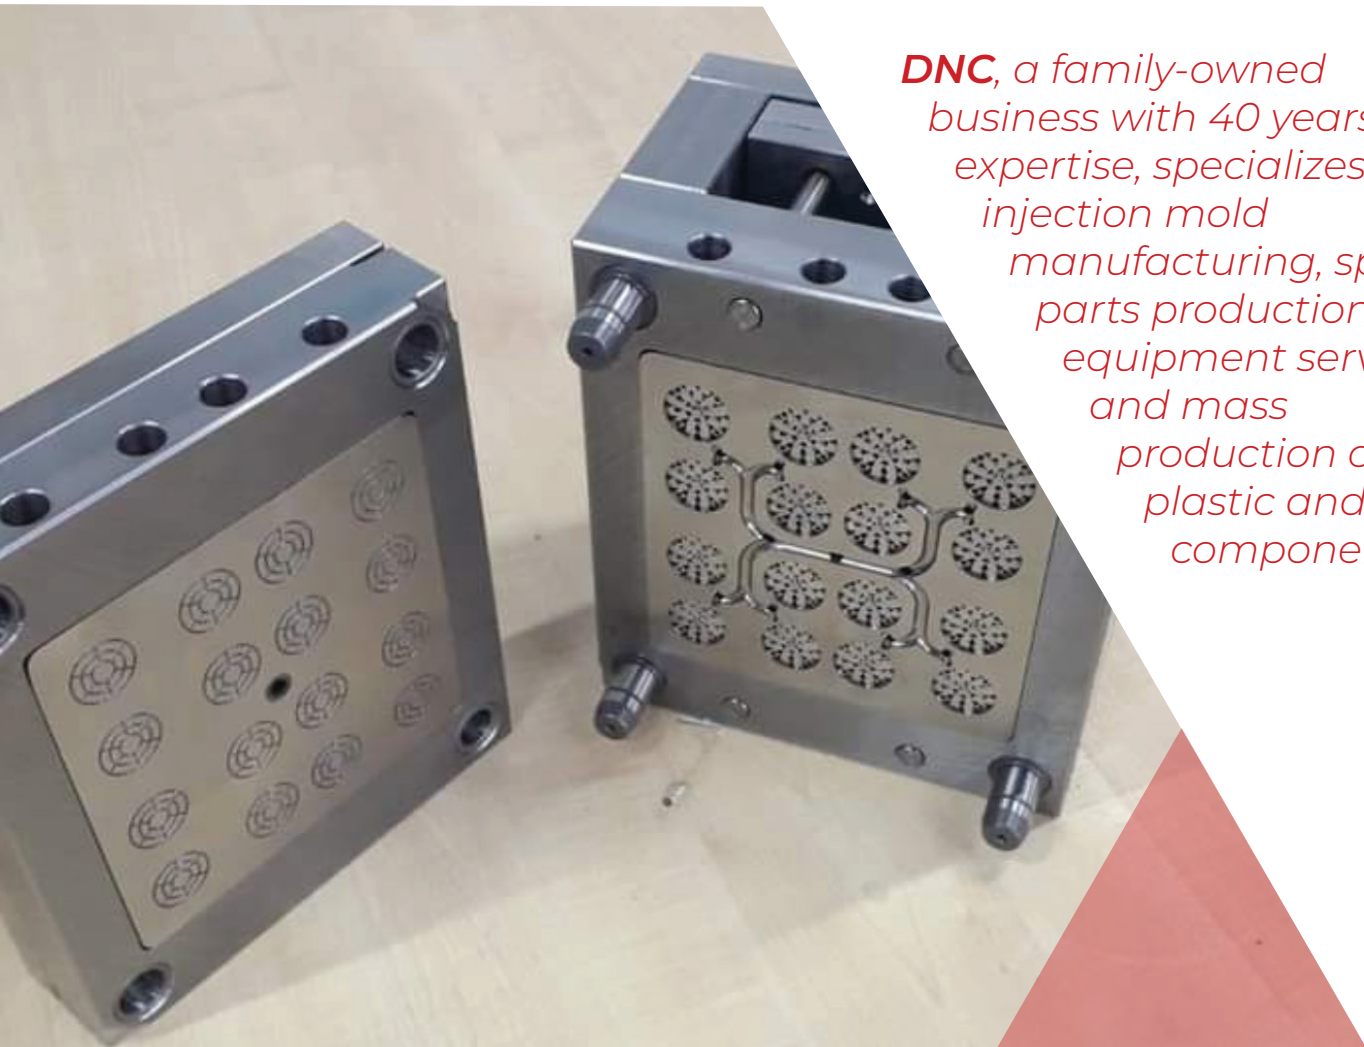

### Plastic Product Mass Production

DNC offers end-to-end plastic product manufacturing services. With our in-house injection molding machines and decades of expertise, we can handle your production needs from start to finish.

### Metal Component Mass Production

DNC excels in the mass production of metal components and assemblies. Our state-of-the-art machinery and skilled workforce allow us to produce high-quality parts efficiently and cost-effectively.
